Marrickville,
NSW 2204

Dear Nora Potter,

RE: WaterMark Level 2 LICENCE ISSUANCE: WM-022610
Certificate of Certification No.: *IAPMO-WM-022610-I01-R00*

It gives me great pleasure to forward to you your new WaterMark Level 2 Licence and Schedule issued by IAPMO R&T Oceana.

The new WaterMark Administrator – The Australian Building Codes Board (ABCB) has notified IAPMO Oceana (and the other WaterMark Conformity Assessment Bodies (WMCAB)); that all new or endorsed WaterMark Certificates are to identify the WaterMark licence number with a prefix which includes the initial of the WMCAB, the text 'WM' followed by the reference number, a suffix detailing both the version of the certificate issue (i.e. for renewal) and the revision.

The full detail is to feature on the WaterMark Licence and WaterMark Schedule; as well as the ABCB WaterMark Product Database. e.g. for an initial certification IAPMO-WM-022610-I01-R00. (This is known as the Certificate of Certification number.)

Please note that the certified product marking does not need to reference the full detail and can be abbreviated to "IAPMO WM022610" or if space is limited, "WM022610" plus reference to the applicable Australian Standard or WaterMark Technical Specification. Please refer to Page 19 of 24 of the new ABCB "Procedures for Certification of Plumbing and Drainage Products" WaterMark Technical Specification as per the following URL:

<http://www.abcb.gov.au/~media/Files/Product%20Certification/WaterMark/2013-Procedures%20for%20Certification%20of%20Plumbing%20and%20Drainage%20Products.ashx?la=en>

IAPMO Oceana would be happy to discuss the new ABCB WaterMark Licence Structure Directive with you if you require any further clarification.

The licence has an expiry date as indicated in the lower right hand corner of the WaterMark Licence and IAPMO R&T Oceana will notify you in advance of the date of expiry to enable the necessary process to take place to renew the Licence and Schedule.

If in the future there is a need to include additional models to your WaterMark Schedule, please notify IAPMO R&T Oceana by either completing a new WaterMark licence application form specifying the new models that are to be added; or alternatively, notify IAPMO R&T Oceana in writing. Please provide supportive technical documentation with your application to enable a technical assessment of the new models to be made.

If you need any clarification or wish to discuss any issues relating to your WaterMark certification, please do not hesitate to contact me.

Yours sincerely

Glenn Tate
Technical Advisor

IAPMO R&T OCEANA

1040 Dandenong Road, Carnegie VIC 3163 AUSTRALIA

IAPMO R&T Oceana is a product certification body which inspects and arranges for the independent laboratory testing of samples taken from the manufacturer's stock or from the market or a combination of both, to verify compliance of the requirements of applicable Standards and Specifications. This activity is coupled with periodic surveillance of the manufacturer's factory and any major subcontractor's site/s as well as the assessment of the manufacturer's Quality Assurance System. This certification is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO R&T Oceana of the product acceptance by Authorities Having Jurisdiction.

WATERMARK LICENCE

WaterMark Level 2

IAPMO R&T Oceana hereby grants to:

Tersano Australia Pty Limited

A.B.N.: 68 162 004 088

45 Marrickville Road, Marrickville, NSW, AUSTRALIA, 2204

the right to use the WaterMark in accordance with the "Procedures for Certification of Plumbing and Drainage Products - WaterMark Technical Specification" and the Plumbing Code of Australia only in respect of the certified product as described in the attached WaterMark Schedule. The Licence is granted subject to the rules governing the Watermark Certification Scheme and the Terms and Conditions for WaterMark Certification.

Evaluated to:

**ATS 5200.101: Technical Specification for plumbing and drainage products -
Appliances (low hazard rating)**

Manufacturer:

Refer to licence holder

Licence No.: WM-022610
(Certificate of Certification No.: IAPMO-WM-022610-I01-R00)

Certified Date: 30 May 2016

Issue Date: 30 May 2016

Expiry Date: 29 May 2019

Chief Executive Officer of the IAPMO Group

This WaterMark certification is for the period indicated herein and is void after the date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of IAPMO R&T Oceana, or any evidence of non-compliance with applicable Standards, Specifications or of inferior workmanship, may be deemed sufficient cause for revocation of this certification. Reproduction of or reference to this certificate for advertising purposes may be made only by specific written permission of IAPMO R&T Oceana. Any alteration of this certificate could be grounds for revocation of this certification.
